

### PRO-THERM PLUS™ CONCENTRATED PROPYLENE GLYCOL

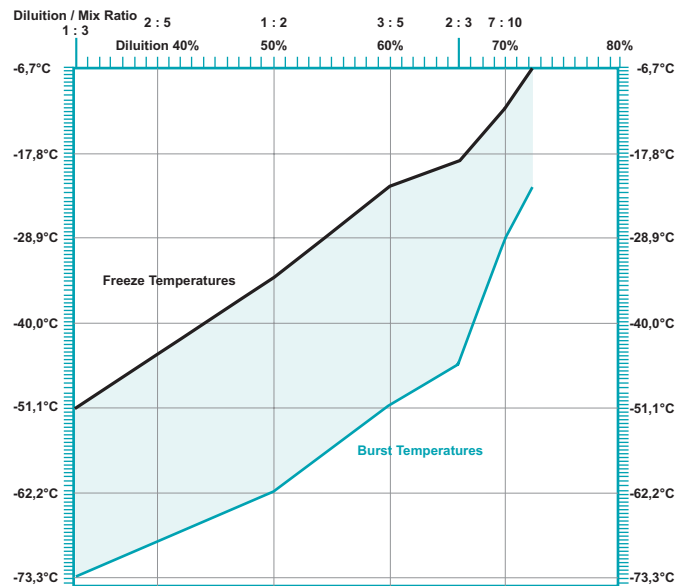

A Propylene Glycol based heat transfer fluid designed to provide freeze and burst protection, excellent Thermal Conductance, protection against system corrosion and fouling, and long-term system stability in closed recirculating water loops.

PRO-THERM PLUS™ is formulated with food-grade corrosion inhibitors.

- Non-Toxic;
- Food Grade Corrosion Inhibitors;

**Freeze Protection :** -51,1° C. (-60° F.);

**Burst Protection :** -73,3° C. (-100° F.).

SCM-128-01

Model	Description
SCM-128-01	PRO-THERM PLUS™ Concentrated Propylene Glycol for closed loop systems. 3,78 l. (1 Gal.) Container.
