Components CHEMICALS - CONDENSATE DRAIN PAN TREATMENTS

CONDENSATE DRAIN PAN TREATMENT

PRO-TREAT 200 tablets are effective in eliminating condensate drain pan problems that result in odors, overflows and subsequent water damage. PRO-TREAT 200's long-lasting formula not only cleans sludge accumulations, but also assures season-long trouble-free performance eliminating costly nuisance callbacks.

PAN-TABS PT-236 tablets and conveniently attaches to the air handler with Velcro strips (included). Also, a calendar is included for recording dosage dates. This package is extremely useful for both service technicians and equipment owners.

PRO-TREAT 200 is biodegradable, non-corrosive and non-toxic. Approved for use in computer rooms.

Recommended dosage : 3 tablets per 10,55 Kw (9.072 Frig/h - 36.000 Btu/h) each month.

PAN-PILLS for CONDENSATE DRAIN PANS

Indoor Air Quality contributes significantly to one's quality of life. Contaminated indoor air can cause Sick Building Syndrome and Building Related Illness.

A key to maintaining a healthy environment is a thorough preventative maintenance program.

Environmental debris, slime, rust, etc. accumulate in condensate drain pans resulting in :

- 1. Indoor Air Quality problems including musty odors and Dirty Sock Syndrome;
- 2. Pan overflows caused by plugged drain lines;
- 3. Equipment malfunction.
- More active ingredient than the economy version;
- Fast acting. Odor-free and 100% soluble;
- Residual effect of the clean pan lasts for about a month;
- No corrosive vapors;
- Approved for computer rooms.

Recommended dosage : 1 tablet for every 4,65 Kw (4.000 Frig/h - 16.000 Btu/h) each month.
