

### EVAPORATIVE AIR COOLER CLEANER and DEODORIZER

Regular use of PRO-TREAT 154 tablets extends equipment life, helps maintain unit efficiency (saving energy) and prevents musty swamp odors from forming. Approved for computer room use. Dosage is determined from the Liters per Second (Cfm Cubic Feet per Minute) of air flow. Typically treatment is one tablet per 2,500 l/s (9,000 mc/h - 5300 Cfm).

- Promotes more efficient operation;
- Effective. Improves water penetration into evaporative cooler pads;
- Protects. Prevents scale and scum deposits;
- Prevents Odors. Produces clean, fresh air and eliminates "swamp odor";
- Approved for computer room use;

Tablet Dimension : Ø 44 x 5 mm.

PT-154

Model	Description
PT-154	PRO-TREAT Evaporative Air Cooler Cleaner and Deodorizer. 1 Tablet per Pack.
PT-154B	PRO-TREAT as above, 12 Tablets per Jar.

### TOWER TABS

Controls scale, scum and sludge in recirculating commercial and industrial water cooling systems. Handling and measuring is simple. A 100% active product with beneficial properties for use in water cooling systems. The surfactant nature of Tower-Tab's active ingredient reduces scale buildup by dispersing and suspending scale-forming water solids. This active ingredient acts as a corrosion inhibiting agent on the water confining and heat transfer surfaces.

- Premeasured Tablets;
- Ready to use;
- Formulated with AT-8
- No mixing.

PT-155

Model	Description
PT-155	TOWER-TABS 44 Tablets per Jar.

### TOWER GUARD 100™ CONCENTRATED SCALE and CORROSION INHIBITOR

- **Nontoxic.** All organic inhibitors, contains no chromate or other toxic metals;
- **Versatile.** Controls scaling and deposits, protects all system metals from corrosion;
- **Effective.** Controls deposits in high scaling cooling tower waters;
- Non Foaming. Non Polluting.

FOR PROFESSIONAL USE ONLY

SCM-101-01

Model	Description
SCM-101-01	TOWER GUARD 100 Concentrated Scale and Corrosion Inhibitor for Cooling Towers. 3,78 l. (1 Gal.) Container.

### HYDRO-KLEAR 300™ BROAD SPECTRUM MICROBIOCIDIC for COOLING WATER ALGAE CONTROL

- **Versatile.** Broad spectrum biocide controls algae, bacteria and fungi;
- **Effective.** Low dosage rates control organic fouling;
- **Compatible.** Works with all scale and corrosion control products;
- EPA Registered No. 1448-339-50584.

FOR PROFESSIONAL USE ONLY

SCM-133-01
