

DDDC DEGREASER - DETERGENT - DEODORANT CONCENTRATE

For Condenser Coils, Evaporator Coils, Drain Pans, Electronic Air Filters, Fan Blades & Blowers...

DDDC is a triple active synergistic detergent system formulated to remove a broad range of soils with minimal time and effort;

DDDC is specifically formulated for the cleaning and brightening of air conditioning condensers, evaporators and filters used in HVAC&R systems;

DDDC eliminates the need for steam clearing, scrubbing or soaking coils and filters on air handling systems;

DDDC contains no toxic solvents and is non-flammable. A unique system of surfactants, penetrants and emulsifiers eliminate the need for expensive toxic solvent based on degreasers;

DDDC has an effective system of odor control to neutralize obnoxious odors often found in air handling and filter systems. The surfactants in this system are fully biodegradable.

- **Unique.** Triple action Degreaser, Detergent, Deodorant. Nonfoaming condenser, evaporator and electronic air filter cleaner;
- **Economical and Effective.** A concentrated minimum 6-1 mix ratio provides full cleaning power at low use cost;
- **Nontoxic and Biodegradable.** Reduces workers' compensation and liability because it contains no hazardous Acids.

RECOMMENDED MIXING RATES :

Condensers : Mix 1 part **DDDC** with 6 parts water to remove heavy soil, grease and oil build up. Apply solution liberally to coil with low pressure sprayer and allow 5-10 minutes reaction time. Flush thoroughly with water.

Evaporators : Mix 1 part **DDDC** with 10 parts water in low pressure sprayer. Shut unit off and apply solution to coil. Allow 5-10 minutes reaction time. Resume normal operation. Condensate from unit operation will flush coil contamination. No rinsing is necessary.

Electronic filters, Permanent filters, Fan blades, Motors, Grills : Mix 1 part **DDDC** with 20 parts water. Apply solution with sprayer, cloth or sponge to surface to be cleaned. Wipe or rinse with clean water.

DDDC- 5L

Model	Description
DDDC- 5L	Detergent - Degreaser - Deodorant - Concentrate Cleaner for AC&R Condensers, Evaporators, Filters, Fan Blades & Blowers. 5,0 Liters Container.

COIL CLEANER SOLVENT

This high solvency formula quickly and easily dissolves dirt, grease, oil or other residue while the blasting nozzle powerfully separates the materials from the surface. This nonflammable and nonconductive formula is safe to use on or near operating equipment.

357-20E

Model	Description
357-20E	Coil Cleaner Solvent. 511 gr. (18 oz.) Aerosol Can.

FOAM PLUS™ AEROSOL FOAMING COIL CLEANER

A heavy duty foam detergent coil cleaner in the convenience of an aerosol can. NON-Flammable and water based, it contains no chlorinated solvents. Blasting foam stream reaches into tight areas for maximum cleaning. The foaming Alkaline detergent blend quickly liquifies dirt, grease, oil or other residue. The cleaning foam is completely self rinsing on condensate producing coils.

358-20

Model	Description
358-20	FOAM PLUS™ Foaming Coil Cleaner 538 gr. (19 oz.) Aerosol Can.
